

New Program for Immigrant Youth Professionals

Success Skills Centre has contracted with Service Canada for eight immigrant youth professionals who have worked in their occupation in their home country, age 30 and under for the period December 2018 to March 2019. This Career Launch for Immigrant Professionals (CLIP – Youth Project) will a paid internship in the related occupations, lasting from eight to twelve weeks, with the expectation of being employed with the host employers. Interested candidates should complete the intake form for selection and forward it by e-mail to ssc@successskills.mb.ca by Dec. 31, 2018. Selected participants will be contacted the first week in January 2019 for orientation on Thurs., Jan. 4 and for a two-week Winnipeg program preparation period starting January 7.

Congratulations to MNP Initiators and Staff!

Success Skills Centre congratulates the initiators and staff of the Manitoba Nominees Program on the program's 20th anniversary. Back in 1998, there were three prime Winnipeg employment assistance agencies – the Immigrant Centre, Employment Projects of Winnipeg, and Success Skills Centre, helping newcomers settle and find jobs.

We are proud of the important role we were asked to play in the 12 years prior leading to the start of Manitoba Start in 2010 by the Government of Manitoba, as well as the years from 1985 to today, in helping thousands of immigrant professionals and highly skilled workers find their rightful place in the Canadian labour market.

New Program for Immigrants

New Program for Immigrants Who Have Become Canadian Citizens! Recently, Success Skills Centre received this paid internship funding from the Province of Manitoba to help immigrant professionals and skilled workers, **who have become Canadian Citizens**, to return to their prior occupations. The Centre applied for this funding because many take jobs unrelated to their previous home country occupations due to financial constraints. The criteria for participation is that the individuals **must be unemployed or underemployed**.

Should you know of someone who fits the above, please share it. For additional information, call at (204)975-5111 and ask for *The New Canadian Immigrant Programs*.
